

# Fee Status Appraisal

Understand your fee status at UK universities with our personalised, expert guidance.

After completing our Fee Status Checker, if you would like a more comprehensive and personal assessment to understand your eligibility better, we invite you to take up a Fee Status Appraisal with us.

Our specialist Advisors, who are trained and highly experienced in fee status legislation, will consult the unique details of your case and conduct a Fee Status Appraisal to give you further clarity on your fee status eligibility and your chances of achieving Home status at UK universities.

**99%** of our families achieve Home status\*

# Fee Status Appraisal Service

We elicit the information we need to conduct your Appraisal through our custom Fee Status Form, asking about your family's residence history, travel pattern, employment details and immigration status.

We confidentially review this information to formulate our feedback to you by completing a fee status assessment similar to those conducted by universities during application time.

We then collate our feedback in a Fee Status Appraisal Report which will:

- Outline the key aspects of your fee status case that are specific to your circumstances.
- Identify which eligibility 'category' of the fee status rules applies to your child, where relevant.
- Advise you on whether we feel you have a strong case or a weak case, what we feel your chances of achieving Home status will be and an idea of what to expect from university fee assessments when your child applies.
- Include information about the different rules in England, Scotland, Wales and Northern Ireland, where relevant.

## After your Fee Status Appraisal:

Following your Fee Status Appraisal with us, we may recommend our Fee Status Support Service to you which gives you full coverage of personal fee status guidance from the moment you engage us, right through the university admissions process including support with Fee Status Questionnaires from the universities and any appeals you may be faced with.

If you book our Fee Status Support within 30 days of receiving your Fee Status Appraisal, your Appraisal will be free.\*

Disclaimer: We only invite people to complete a Fee Status Appraisal where we feel they would benefit from a more detailed review of their fee status case. Using our Fee Status Appraisal Service does not automatically confirm your Home fee eligibility; upon appraising your case, we may conclude that on the basis of the information provided, you are not eligible for Home fees at the time of the Appraisal. The Fee Status Appraisal does not guarantee the fee status decision you will receive when you apply to university. Universities will carry out their own fee status assessments, but it will give you an idea of what the universities may conclude. Using our Fee Status Appraisal Service does not guarantee you will achieve Home status at a UK university, even if our Appraisal confirms that you have a legitimate claim for Home fees.
